

TEMP FLOOR

The number one choice for temporary flooring/decking.
Easy installation and removal with interlocking design.
Lightweight and portable.

- Aeration holes allow for temporary use on grass without causing damage
- Rolls up for instant store-away
- Hinge design allows for use on uneven surfaces (grass, sand, stone)
- Provides a stable surface for deck chairs, barbeques, etc.
- UV stabilized
- Impact resistant

Applications: Event floor, Tent floor, Temporary floor, Trade show, Exhibit floor, Walkways, RV patio

Made of: Hi-impact plastic

Thickness: 3/4"

Weight: 1.2 lbs

Size: 24" long x 6" wide (1 sq ft / tile)

Design: Grooved with drainage holes on surface (non-slip); interlocking sides; open grid underside

Installation: Simply lay down and connect - use a hammer to make a quick jab on the hinge joint. Tiles are shipped in 4'x4' panels (12 tiles connected) to make installation easier.

Colors: Black, Gray

Note: There is a minimum order of 300 square feet
